

I understand that the FCC is considering a change in the broadcast services to the new LPFM service. If this is done, K-LOVE may not be available in my community. If this is the case, I am definitely against this change. K-LOVE is a shining light in our community. It is the one source that I turn to each and every day to hear about God and his Truth. The loss of this signal in our community would be devastating. K-LOVE provides information pertaining to local news as well as national events. It is the one radio station that plays the music I want to listen and that I want my family to listen to. I also know that I am not alone in our community. I have my radio tuned to one channel. If it is on, I know it will be tuned to K-LOVE. Please, DO NOT introduce the LPFM broadcast service in Midland and the surrounding areas.

Thank you

Macon McDonald
